

**APPLICATION FOR CURRENT UNDERGRADUATE  
CHEMISTRY MAJOR SCHOLARSHIPS**

Department of Chemistry

Iowa State University

Because some scholarships are limited to students who demonstrate financial need, **you are encouraged to complete the FAFSA (Free Application for Federal Student Aid) prior to December 1<sup>st</sup>**. This guarantees that you will be considered for all available chemistry department scholarships. Students who do not complete the FAFSA will be considered for scholarships without financial restrictions.

**Please return completed applications to the Undergraduate Chemistry Office, 1608 Gilman Hall by February 1st.**

**ONLY FULL-TIME STUDENTS WITH CHEMISTRY AS A MAJOR  
ARE ELIGIBLE FOR CHEMISTRY SCHOLARSHIPS.**

**I.** Name \_\_\_\_\_ Major \_\_\_\_\_

Local Address \_\_\_\_\_

\_\_\_\_\_ Phone \_\_\_\_\_

Home Address \_\_\_\_\_

\_\_\_\_\_

Academic  
Advisor \_\_\_\_\_

Probable Term  
of Graduation \_\_\_\_\_

**II.** Academic Record

GPA\* \_\_\_\_\_

GPA\* in Chemistry \_\_\_\_\_

List Previous and Current Collegiate Academic Awards and Scholarships:

\*If a freshman, please give your high school grade point and indicate this, e.g., 3.75 HS.

**III.** Career Objectives:

Do you have a strong interest in teaching chemistry at the high school level?

Yes \_\_\_\_\_ No \_\_\_\_\_

What do you see as your primary career goal?

In the space below please describe your career goals in chemistry, being as specific as possible at this point in your education. What aspects of Chemistry appeal to you most?

If appropriate, please indicate any particular abilities, accomplishments, needs, etc. related to your career goals, which you feel the scholarship committee should consider. Please write legibly and limit your comments to the space provided.

**IV.** Professional References: Please list below the names, e-mail addresses, and phone numbers of at least two individuals who are familiar with your abilities in chemistry and who we may contact. These may include chemistry faculty, high school chemistry teachers, former employers in a chemically related job, etc. We may also contact professors from courses in which you are currently enrolled.

**V.** Activities: Aside from course work, what activities related to Chemistry (i.e., jobs, clubs, undergraduate research, seminars, etc.) have you participated in?

**Please return completed applications to the Undergraduate Chemistry Office, 1608 Gilman Hall by February 1st.**
